ZERE MASHRAP

Almaty ⋄ mashrapzere44@gmail.com ⋄ +7 700 310 3106 ⋄ https://github.com/ZikoshX

EDUCATION

Bachelor of Computer Science - 4 course, SDU University   2021 - 2025

SKILLS

Languages	Python, Swift, PHP,PostgreSQL, HTML/CSS
Framework	Django,Flask
Tools	Bootstrap, Xcode, Power BI

EXPERIENCE

Backend Developer   3 June 2024 - 30 July 2024
Keip Tech   *Almaty*

- Created an article website, KazPress, using Django.
- Parsed data from 5 websites and sent it to the API.
- Used Selenium to parse data every hour and send it to the API.

PROJECTS

Happy Client https://billboard-flask-5owt.onrender.com/home

- Developed a website using Flask.
- Fixed bugs and implemented new features using HTML/CSS.
- Wrote unit tests and deployed the site on Render.
- Worked with Google-mail, PostgreSql

Pomodoro app https://github.com/ZikoshX/Pomodoro.git

- Developed a web app with a to-do list, notifications.
- Created features UI calendar, AudioPlayer.

EBook app https://github.com/ZikoshX/E-book.git

- Created a web app using the iTunes API, Firebase, and Google Maps integration.

KazPress

- Built a website using Django.
- Parsed other websites, sent data to an API, and used Selenium to parse data hourly.
- Integrated the GPT API to rewrite parsed articles.

Krisha.kz

- Collected 30,000 data points and performed data preprocessing.
- Used machine learning models for prediction.

Enbek.kz https://drive.google.com/file/d/1UkKpH8X4D7UgrDt0hZuamj8YM9GWWA9f/view?usp=shari

- Collected and preprocessed data.
- Conducted data analysis and visualization.
- Applied machine learning models for prediction.

AIX https://colab.research.google.com/drive/1xj6HKtjecni0Bc8lKxLLE860W9k$_1EzC?usp = sharing$

- Collected and preprocessed data.
- Performed data analysis and visualization using Power BI.
- Conducted hypothesis testing.

EXTRA-CURRICULAR ACTIVITIES

- Creating projects in ARDUINO, Designing models in 3D MAX, Building websites in Tilda, Developing projects in Stop Motion.
